"I highly recommend the training for anyone needing certifications in the security field or even getting your concealed license. Richard is a very knowledgeable instructor and an amazing person to work with. Richard strives for his students to gain knowledge from these courses that he teaches so that you are ready when it matters the most. I am the Site Supervisor/Armed Security Guard at Christ Fellowship Main Campus in Gardens West Palm Beach, FL and needed a Handcuff certification for work. It was very informative and did a lot of hands-on training. I also received training and a certificate for pepper spray. Next month I will be getting a baton certification with Richard. What an amazing Instructor."

Concealed Class

"I recently took a concealed weapons license with Richard. Not only was the class very informative but very professionally presented. I had no experience with firearms, Richard took me to the range and very patiently corrected my stance and how I held the firearm. All the time with nothing

but safety and how important it is explained to me with every move. By the end of the day, I even hit a bullseye and every shot hit the target. I highly recommend All Florida Investigations & Security Services Inc as a professional and highly experienced company with safety in mind."

Just finished the Class D Security license class at All Florida Investigations & Security Services with Chief Richard Stein, CEO. Absolutely great class run in a professional yet relaxed atmosphere. A great deal of information and training is covered in this 42 hour course. I highly recommend that anyone looking to obtain their Florida Security licenses (D and G) to seek out Mr. Stein at All Florida Investigations & Security Services for training. Mr. Stein has been in the business over 20 years, is highly experienced, credible and credentialed. I say this being a retired Law Enforcement Officer of 31 years experience. Check the website out and find the wide range of training and services that he provides. You won't be disappointed!

"Best Instructor in the state of Florida, hands down. Patient, honest, high integrity classes. Beyond my expectations. I absolutely cannot praise Richard and his training enough. He is an excellent and knowledgeable instructor, he will work with you one on one patiently and never makes his students feel nervous or unappreciated. Not only is his performance stellar but he can train both women and men and for those in the industry, training women in this knowledge are entirely different than instructing male students. Richard's training doctrine is great, he involves the students in a friendly environment."

"I took the security D licensing class was great and interactive. The instructor Rich very knowledgeable on his information. His information is exactly what the state asked him to teach, meaning it was not based off of his own opinions. I recommend this class and all the others he offers. I'm also taking his security G licensing so great guy funny and knowledgeable 20+ years in the game so pretty much a Security Guru."

Jeremy W.

"My husband and I took the concealed weapons class from Richard s short time ago. I had preconceived ideas of a boring class but I was wrong. It was very informative. Richard was so organized, professional, well prepared and made what could have been boring material interesting. We had great fun in the class and learned a lot. I would highly recommend this class for anyone interested in getting their concealed weapons permit. Richard also makes himself available for future practice of handling your weapons."
