First of all, we commend your school for listening and honoring to school safety concerns voiced by your students, teachers, staff, and parents! Today, our K-12 children are in grave danger of a multitude of life-and-death situations; no matter public or private, religious, charter or otherwise. Schools have measures to deal with safety drills, bullying, physical & cyber abuses, drugs and alcohol, and a host of other threats; however, despite all the best efforts put into action, school security is often sidelined to administrative staff who is focused on their myriad of tasks. When hiring security, you are hiring a person who is ONLY looking out for one thing and that is the safety and well-being of the school environment, inside and out. There are no other distractions only the focus of keeping the welfare of your students and staff safe!! All Florida Security will come beside you to make room for a School Safety Officer in your school, a position we are convinced your school parents, students, and staff will be overjoyed to have!

All Florida is celebrating our 25th year in business!
